

WHY CHOOSE BENGUERRA?

BENGUERRA

- 🏠 **Location:** Benguerra Lodge has a gorgeous, big beach and is sheltered from bad weather. We also have a deep channel running out to sea, so always have ocean access and water in front of the lodge, even at low tide.
- 🏠 **Size:** We are a small, intimate owner-run Lodge, concentrating on personalized service and guest satisfaction.
- 🏠 **Our Community Commitment:** We recognize our responsibility to the local community and so have established Khani Kwedho – which is essentially a Trust Fund for the community. With those funds the community has already built a School and a Community Hall, which was destroyed by the Cyclone of 2007. The school is currently being re-built. Throughout the year there are also various “Food for work” projects which benefit the local community.
- 🏠 **Our Environmental Ethics:** We work very closely with WWF and EWT to ensure that the National Marine Park that surrounds us is well maintained and remains unspoiled. We appreciate that a lot of people enjoy the sport of fishing and so have introduced a ‘Catch and Release’ policy, whereby all fish caught are released back into the ocean. Some specimens are tagged for research purposes.
- 🏠 The lodge uses **Natural Gas** for all water heating and cooking, and none of our rooms have air-conditioning, which ensures we leave a very small carbon footprint.
- 🏠 **Our Indigenous Forest:** Because we have left our natural forest intact, there is an amazing diversity of birdlife around the Lodge.
- 🏠 **Our Safari Charm:** Benguerra exudes all the charm of a real African Safari Lodge – with a warm, East African Moroccan style. This makes us the perfect accompaniment to a Safari anywhere in Africa. The lodge has a warm, personal character!
- 🏠 **Our Lodge:** Benguerra Lodge has a stylish Lounge and Dining Room with large, sunny decks dedicated to comfort. We also have a Reception area and Gift Shop.
- 🏠 **Honeymoon Heaven:** Benguerra is the perfect Honeymoon destination – very romantic, private and relaxing! All our rooms have their own private deck with plunge pools and colourful hammocks inviting to hours of relaxation. A private dining area on the deck ensures that guests are able to enjoy romantic private candlelit dinners.
- 🏠 **Personalized Butler Service:** The guests staying in the Casitas have a Mozambican host who takes care of them from the moment they arrive at the lodge ensuring that all their needs are met and that they have an unforgettable personalized experience while staying with us on the Island.

- 🔥 **Our Staff:** Many of our staff has been with us since inception in '88, and they are open, warm, friendly and efficient. They are, in fact, our greatest asset.
- 🔥 **Personalized Service:** We have a very high Staff to Guest ratio – combine that with our small size and intimate nature and you get excellent old-world service.
- 🔥 **The Cuisine:** Our chefs are some of the finest in Mozambique. Our menu is comprised mainly of freshly caught seafood. The flavours are an exotic, heady mix of African, Arabic and Portuguese.
- 🔥 **Attention to Detail:** Because we're small, we can pay attention to the details.
- 🔥 **Our Villa:** Our exclusive, luxurious Villa is set apart from the rest of the Lodge and has 2 bedrooms. The Villa has its own private lounge/dining area and swimming pool. It also has its own personal chef to prepare all meals in situ and arrange all activities.
- 🔥 **Our All-Inclusive Rates:** Our rates include: Accommodation, all meals and all drinks!! This makes us perfect for “Bush and Beach” packages.

MOÇAMBIQUE

- 🔥 **Safety:** Moçambique is currently one of the most stable countries in Africa.
- 🔥 **Easy Access:** Daily flights from Johannesburg, and regular flights from Kruger Mpumalanga International Airport (for those wanting to combine the Bush and the Beach).
- 🔥 **The Weather:** Moçambique has wonderfully temperate weather – which makes it a fabulous Year-Round destination.
- 🔥 **Un-crowded:** Moçambique is a fairly new destination, which makes it unspoiled and un-crowded.
- 🔥 **The Beaches & the Ocean:** The beaches are dazzling white sand and the ocean is warm, clear, clean and beautifully turquoise.
- 🔥 **The Scuba Diving & Snorkelling:** The reefs are largely pristine, with unbleached coral, very little pollution and a myriad of marine species – from whale sharks to turtles to manta rays and dugongs.
- 🔥 **The Whales:** Humpbacks migrate down the coast every year, making July-September spectacular months for whale watching.
- 🔥 **The Fishing:** World class saltwater fly fishing, and deep-sea fishing.
